

PAYAL GOEL

Computer Science Undergraduate | AI & Data Science

payalgoel2006@gmail.com | 9310119969 | [Linkedin](#) | [GitHub](#)

OBJECTIVE

Motivated and detail-oriented Computer Science undergraduate with strong programming, problem-solving, and communication skills. Passionate about learning new technologies and building innovative, user-friendly solutions. Seeking an opportunity to enhance technical knowledge, contribute effectively to organizational growth, and gain valuable industry experience.

EDUCATION

Sagar Institute of Science & Technology (SISTec)	B.Tech – Computer Science & Engineering (AI & Data Science) CGPA: 8.20
Maharaja Aggarsain Adarsh Public School, Delhi	2024 Higher Secondary – Score: 93% 2022 Secondary School – Score: 92%

SKILLS SUMMARY

- **Languages:** C, C++, Python, HTML, CSS, JavaScript, Java, Dart
- **Frameworks & Libraries:** Pandas, NumPy, Matplotlib, Seaborn, Node.js, React, Flutter
- **Tools & Platforms:** Power BI, Excel, Word, PowerPoint, VS Code, Android Studio, Google Colab, RStudio, Antigravity
- **Databases:** Mysql, Sqlite, MongoDB
- **Soft Skills:** Problem-solving, Effective Communication, Team Collaboration, Adaptive Learning Mindset

PROJECTS

Portfolio Website | [Link](#)

Developed a modern, responsive portfolio to showcase skills, projects, certifications, and achievements, focusing on clean UI/UX design, interactivity, and performance.

India Travel Explorer App (Android App) | [Link](#)

Developed an Android app to help users discover popular destinations, culture, food, and tourist attractions across India, focusing on user-friendly UI and smooth navigation.

Pharmaceutical Store Management System | [Link](#)

Built a Python-MySQL based mini project to manage pharmacy operations efficiently, with Python handling application logic and MySQL securely storing and managing inventory data.

COMMUNITY INVOLVEMENT & LEADERSHIP

Web Development Co-Lead – Google Developer Group (GDG) on Campus

Led the web development team for GDG on Campus, mentoring peers on modern web technologies, coordinating technical workshops, and collaborating on community-driven projects to strengthen developer skills across campus.

Webmaster – IEEE Committee

Managed and maintained the IEEE Committee's website, ensuring up-to-date event information, smooth user experience, and effective digital communication for chapter activities and member engagement.

CERTIFICATIONS & ACHIEVEMENTS

- Android App Development – Saksham Technology | [Link](#)
- Cisco Certifications: C Essentials 1, C Essentials 2, Apply AI, Introduction to Modern AI, Data Analytics Essentials | [Link](#)
- AI Day 2.0 Certification – ML Bhopal | [Link](#)
- NPTEL Certification (Silver + Elite) – The Joy of Computing using Python | [Link](#)
- Selected as student for SUPER-50.
- **Contributor and Ambassador** – GirlScript Summer of Code (GSSoC)
- Badge of **AGENTBLAZER CHAMPION** via Salesforce.

EXTRACURRICULAR ACTIVITIES

- 3rd Position – IoT Meets Gen AI on Cloud Workshop
- 2nd Position – Paper Presentation on National Science Day
- Participated in Samadhan, (SIH), showcasing teamwork and problem-solving skills
